## THE FINISHING TOUCH OF FLASHING

Offering products produced from the highest-quality materials available, we bring you the most complete line of residential flashing products in the industry. Available painted finishes include a two-coat, baked-on polyester enamel paint for years of worry-free service and minimal maintenance, complete with a 40-year warranty. They are also resistant to corrosion, fading and chalking, while providing excellent color retention. Offering all the shapes and sizes used nationwide, we are your source for every flashing product you need. Custom and specialty products are available upon request.

### BENEFITS OF FLASHING

The most pervasive and difficult-to-control weather element threatening your roof is water. Made from durable, low-maintenance materials, TopShield® flashing options help mitigate the risk of water damage to susceptible areas like roof valleys, chimneys, eaves, skylights, ridges and more. Extend the life of your roof while giving your home a great finishing touch by taking advantage of the following top-quality products:

- Roof edges
- Gutter apron
- Roll valley metal
- Formed valley metal
- Flashing shingles

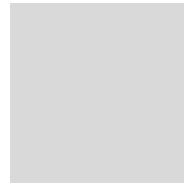

### LIMITED 40-YEAR WARRANTY!

*Quality products backed by excellent support.*
